1956 Coal Convention To Be Held May 7-9 In Cincinnati, Ohio

M. E. Prunty and
V. D. Picklesimer to Represent
Letcher County Companies

Washington, D. C., April 17—Coal mining men from every producing area of the Nation will attend the 1956 Coal Convention of the American Mining Congress May 7-9 in Cincinnati, Ohio, to review technical progress being made in the industry and to discuss ways and means of expanding facilities to meet the high production levels forecast for the next decade.

An industry-wide committee headed by G. A. Shoemaker, executive vice-president, Pittsburgh Consolidation Coal Company, Pittsburgh, Pa., has developed a program for the meeting which includes addresses by leading industry officials and operating men on modern practices and trends in mechanical and continuous mining, safety, strip mining, coal preparation, roof support, haulage and power, industrial engineering and other topics. Featured at this year's meeting will be discussions of coal's future, the industry's relationship to the railroads, sources of electric generation in the next 20 years, and what the U. S. Congress is doing to develop sound Government policies that will assure an adequate mobilization base for the domestic coal industry.

Kentucky mining men who will address the Convention include: E. H. Roberts, superintendent of maintenance, Inland Steel Co., Wheelwright; G. W. Lockin, production engineer, Inland Steel Co., Wheelwright; M. E. Prunty, safety director, Consolidation Coal Co. (Ky.), Jenkins; Andrew E. Hamlet, superintendent, Coal Cleaning Plant, U. S. Steel Corp., Corbin; and V. D. Picklesimer, vice-president South East Coal Co., Seco.

DR. PALMER DIES AT 54 IN HAZARD

Heart Attack Kills
Physician on Rounds
Hazard, Ky., April 17—Dr. Martin Palmer, 54-year-old physician and one of the founders of the Hazard Clinic, suffered a fatal heart attack today while making his rounds at Mount Mary Hospital.

He died at 3:30 p. m., shortly after the attack.

A native of Alabama, Dr. Palmer came to Perry County in 1931, first to practice in the small coal-mining community of Harvey.

A graduate of the University of Louisville Medical School, he later returned to Louisville where for three years, 1944-47, he specialized in internal medicine at Louisville General Hospital.

Returning to Hazard in 1947, he helped found the Hazard Clinic and was a director of the clinic at the time of his death.

Was Once Teacher

A member of the honorary medical society, Alpha Omega, he was president of the Perry County Medical Society and member of the American Medical Association, Kentucky Medical Association, and Southern Medical Association.

He is survived by his wife, Mrs. Evangeline Palmer; a brother, Dr. Lee Palmer of Louisville, three other brothers, and two sisters living in Alabama.

WINNERS FOR ACHIEVEMENT DAY TO BE ANNOUNCED

Two Cumberland Coaches left Jenkins at 7:00 A. M., Sunday morning. We traveled all day Sunday stopping at Natural Bridge for a tour. At 7:30 Sunday night the Thrifty Tours entered Washington and there

spent the night. Early Monday morning the group picture was taken in front of the Capital. Monday night we had an enjoyable moonlight boat cruise up the Potomac River. After the boat cruise we boarded the buses and continued on to New York. Tuesday morning we entered New York City. On our stay there we toured upper and lower New York, Chinatown, and Harlem. Our boat cruise there circled Manhattan Island. Wednesday was spent touring such famous buildings as the United Nations and the Empire State. That night we went through the National Broadcasting Company and also to Radio City Music

Hall where the famous Rocketts were featured. Then, once again we drove all night, this time back to Washington. Arriving in Washington Thursday morning we spent the day touring and Thursday night enjoyed dinner and dancing at the Lotus Night Club. After leaving the Night Club we went to see Cinerama Holiday. The remainder of the night was spent in Washington and early Friday morning the buses were headed for home. We entered Jenkins at 9:30 P. M., Friday night. On our trip we saw many interesting and beautiful sights. The trip was thoroughly enjoyed by all.

SIX KENTUCKIANS SURVIVE MARCH

PARRIS ISLAND, S. C. — Six Kentuckians were among Marine Corps recruits who survived an unscheduled night march into a swampy area Sunday. Six recruits were drowned.

The Kentuckians were Lawrence Leroy Johnson, Frankfort; Darrell J. Lewis, Tateville; William Earl Rambo, Somerset; Edward Rogers, Louisville; James Pold Dillmon, Grays Knob, Harlan County; and Richard Wesley Acker, Whitesburg.

ADAMS, CRAFT, WEBB COMMITTEE TO MEET

Due to inclement weather the Adams, Craft, Webb Committee called to meet last Sunday did not meet, but will meet next Sunday, April 22nd, at 3:00 o'clock, C.S.T., in the afternoon at the Regular Baptist Church at Mayking. All interested persons are urged to attend.

Berea College to Conduct Workshop

In connection with its outdoor drama, WILDERNESS ROAD, which enters its second season on June 30, Berea College is conducting a Workshop in Drama this summer. The dates are July 18-31, and the participants are to be teachers from schools and communities in this section of Kentucky.

The plan is to make the Workshop a very practical experience in the production of inexpensive well-chosen plays. The staff of the Workshop will consist of Mr. Sam Selden, director of WILDERNESS ROAD, and other members of the WILDERNESS ROAD staff.

Interested teachers should get in contact with their County Superintendent for further information or write directly to Miss Maureen Faulkner, Department of English, Berea College, Berea, Kentucky.

Fishing Good At L. & N. Lake

The L&N Lake at Neon is now open for fishing, having been stocked recently with bass, cat and pike fish. A good road and plenty of parking space make this an ideal place for fishing in Letcher County.

Bene and Nerva Howard, the proprietors, extend to you a cordial welcome.

Attorney General Files Suit in Court To Disqualify Two County School Board Members

We have been informed by the Letcher County Court that ouster proceedings have been filed against Basil Hall and Daniel Johnson who are presently members of the Letcher County Board of Education. The suit was brought in the name of the Attorney General of Kentucky, on the grounds that neither Hall nor Johnson has the requisite qualifications as set out in section 160.180 of the Kentucky Revised Statutes.

Presbyterian Preaching Mission

The Graham Memorial Presbyterian Church of Whitesburg will have a Preaching Mission from April 23rd through April 28th. This will be an opportunity for the Community to hear three different preachers during one week of Preaching Services. The Session of the Church chose these ministers because of their wide background and experience and their appeal to the public, with the idea of giving Whitesburg a chance to hear them all within a short period of time.

On Monday and Tuesday Evenings, April 23rd and 24th the Preacher will be the Rev. Earnest Stricklin, Pastor of the Presbyterian Church of Hazard, Ky. Mr. Stricklin is a native of North Carolina was educated at Davidson College and Louisville Theological Seminary. Before becoming the Pastor of the Hazard Church Mr. Stricklin was the pastor of the First Presbyterian Church of New Albany, Ind.

On Wednesday and Thursday, April 25th and 26th the Preacher will be The Rev. Earnest Wilson of Abingdon, Va. Mr. Wilson is a native of North Carolina. He received his education at Kings College and Union Theological Seminary. He has served pastorates in North Carolina, Virginia and was for four years Pastor of The Whitesburg Presbyterian Church. During his stay in Whitesburg, Mr. Wilson made many friends who will be most interested in hearing him again.

On Friday and Saturday nights, April 27th and 28th the Preacher will be The Rev. William Wench of Jackson, Ky. Mr. Wench was educated at the Louisville Theological Seminary. He has served as Pastor of the Wilmore Presbyterian Church and at present is Professor of Bible at Lees College. Mr. Wench has been particularly effective in his ministry to Young People.

These Services will begin each evening at 7:00 P. M., and it is sincerely hoped that the people of Letcher County will take this opportunity to hear these fine preachers and will try to attend each night. This is something new for Letcher County and every man, woman and child is most cordially invited to attend.

Officers to Be Elected For Athletic Ass'n

The April meeting of the Whitesburg Athletic Association will be held in the Whitesburg Gymnasium on Friday evening, April 20, at 7:00 P. M. An election of officers for the new year will be held at this meeting. The public is urged to attend.

ATTEND LIONS MINSTREL

Mrs. W. P. Nolan, Mr. and Mrs. Cecil Webb attended the Cumberland Lions Club Minstrel on Monday night, April 9th.

2nd Liquor Bill For State Stores

Measure Like Law of Virginia
Would Become Effective In '57

Frankfort, Ky., April 12.—Representative Harry M. Caudill, Whitesburg, today introduced the second bill in two days to set up a system of State-owned liquor stores.

Caudill's bill is modeled after the Virginia State Liquor-Monopoly Law.

"The enactment of such a system of State management of alcoholic-beverage sales would supply much of the additional revenue needed without increasing the burden on the taxpayer," Caudill said.

Tax on Sand Proposed

He said 22 other states have adopted the State-owned-store system of liquor sales.

The measure, House Bill 36, would not become effective until July 1, 1957.

In another bill, Representative Roy C. Davis, Bardwell, would levy a 10-cent-a-ton excise tax on sand. The tax would be paid by dealers.

House Minority Leader Charles W. Buchanan, Barbourville, offered a bill that would have the effect of reimposing the State pari-mutuel tax on Keeneland Race Course.

Buchanan's bill would impose an excise tax on "every person, corporation, or association which operates a running or trotting track at which betting is conducted through a pari-mutuel or other similar system."

It does not exclude nonprofit tracks, which is the provision enacted by the regular session of the Legislature that exempts Keeneland.

Liquor-Tax Raise Asked

The Buchanan bill would set the tax rate at 5 per cent on the first \$18,000,000 wagered during the year, and 6 per cent on the excess.

The present rate on the profit-making-track betting is 4 per cent on the first \$18,000,000 and 6 per cent on the excess.

A bill sponsored by Representatives Jack Johnson, Clinton, and R. B. Blankenship, Hartford, would increase the consumption tax on distilled spirits from \$1.28 to \$2.56 a gallon, on wine from 50 cents to \$1, and on beer from \$2.50 to \$3.50 a barrel.

Jenkins Student to Have Art Entry

An exhibition of painting, drawing, sculpture and design will be presented by the Art Department of Georgetown College in The Little Gallery, April 15-25. The opening reception will be from 2-5:00 o'clock on Sunday afternoon, April 15th. Miss Beverly Davis is head of the Art Department of the college.

Among the students whose work will be exhibited will be Don Stewart of Jenkins, Ky.

UNION CHOIR TO BE AT METHODIST CHURCH

The 40-Voice Union College A Capella Choir will sing in the Whitesburg Methodist Church on Sunday evening, April 22nd, at 7:30 P. M. The choral group is under the direction of Professor Kenneth Huenink, head of the College Music Department. A program of sacred music will be presented.

Union College, a Methodist senior institution under the auspices of the Kentucky Methodist Conference is completing its 77th year of academic instruction with more than 650 students enrolled this year.

To Appear At Jenkins Church
The Choir will also give a performance at the Jenkins Methodist Church, Sunday afternoon at 6:30, E.S.T. The public is cordially invited to hear this great Choir.

IT'S TIME TO CLEAN UP— PAINT UP!

Workers in many cities remark on the very depressing appearance and condition of many of the homes which they visit. They say it is no wonder these folks become disheartened, considering the dreary appearance of the dwellings in which they pass their days. It's pretty hard to be cheerful if the plumbing smells, if the plaster is dropping from the walls and the floors are rough and dirty. Most towns have many homes which are deteriorating for lack of needed repairs and renovation. In many towns but little work has been done for years.

Probably a number of the run-down homes are rented dwellings, and it may be said that landlords should keep up their property better. But in some cases landlords may be unable to keep up improvements due to lack of income. But some improvements in many homes could be made if tenants did the best they could to keep them clean. They should be willing to make minor repairs and not leave everything entirely up to the owner.

It would seem that in many cases residents who have some skill with tools could make repairs and improvements about the property they occupy, and that the owners of such property could well consider such labor as payment on the rent bill. Such arrangements would help to keep property from running down and would help utilize time for some unemployed person.

Also people who own their own homes should realize that they suffer a serious loss when they allow their dwellings to deteriorate, and they would better borrow money rather than neglect needed repairs. Springtime is a wonderful time to get such work done.

Nature at this season is now doing her spring house cleaning—she is beginning to hang up curtains in the forests and to spread over her floor a new carpet of emerald loveliness such as no mortal looms could ever weave. She is sending out invitations now for the birds to come back here to spend the summer. The invitations are sent out in early Spring and accepted in April and May and by June her house is full of visitors.

Let us try to emulate nature in this respect and make our homes, no matter how humble, as cheerful and inviting as possible. A little paint-up, clean-up will change the whole outlook of things.

Our beautiful mountains are now being adorned by countless thousands of Red Buds, Service, Dogwoods, and hundreds of other beautiful trees which makes our region a beauty spot unexcelled anywhere.

There is also much pleasure and comfort in raising a garden—Everyone who possibly can should do so. And remember, there is still time to plant a beautiful flower, tree, or shrub in your yard. Let's all strive to improve and beautify our surroundings—"A Thing of Beauty Is A Joy Forever".

SUNDAY SCHOOL LESSON

INTERNATIONAL
UNIFORM SERIES

—By—
Rev. C. A. Lingle, Jr.

APRIL 22, 1956

LESSON VERSES: Acts 36:1-8:
(To be read and studied in
your Bibles).

PRINTED SCRIPTURE: Acts 6:
8-10; Acts 7:51-60.

(Based on copyrighted outlines produced by the division of Christian Education, National Council of Churches of Christ in the U.S.A., and used by permission.)

It has never been easy to follow the Christian Faith but it was particularly hard in the days of the early church. The difficulty of today is mainly that of the use of time or money or energy but in the days of the early church it was much more. It was often a matter of life and death.

When the Church received power and began its move across the face of the earth it was necessary that there be officials to handle the expanding fellowship. Stephen was one of the Deacons appointed to work in an office. Not only did he care for those in distress but also he was called upon to witness for his Lord as are all Christians.

It was the witnessing that led to his death at the hands of the Jews. Yet he did not die in vain for there stood a man, watching, named Saul who could never forget the scene. There were others too who felt the need of a truth worth dying for and today we re-read the story of Stephen and received new strength for Christian work that is ahead.

This was not conjecture. This was truth. This was no lie for men do not die for a lie. This is the real, the true faith that has sustained martyr after martyr and brought them to the presence of Jesus Christ. That same faith that can bring a prayer of forgiveness to the lips of a dying man still is alive and moving forward. To suffer for and with Christ may even be our calling but in that suffering we share with Him, His Glory.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

NOTICE

This is to notify my many good friends in Letcher and surrounding Counties that I have of this date, March 20, 1956, sold all my stock in Reedy's Plumbing and Furniture Co., Whitesburg, Kentucky to George K. Reedy of Eustis, Fla., and Paul Kirkland of Whitesburg. I will not be responsible for any indebtedness of Reedy's Plumbing and Furniture Co., as of the above date. I want to thank my many good friends for the business they have given me in the past. I am still here in Whitesburg to serve you to the best of my ability. I am now located on Main Street, in the old Steve Frazier building. Come in and see my beautiful display of Pittsburgh Paint, Harmony Wall Paper, electrical supplies, electrical appliances, all kinds of plumbing and heating repair supplies, all types of Fairbanks Morse deep and shallow well pumps. We sell and install all types of floor tile, such as rubber, plastic, asphalt. We also have Congo Wall, plastic tile for kitchen and bath room walls. Come in and see our beautiful American kitchen sinks.

We will have, after April 1, new floor sanders for rent and will also do floor sanding by contract.

Church of Holy Sepulchre

CHAPEL OF THE ANGEL: A symbol of Easter morn, when the stone was rolled away from the tomb and Christ arose from the dead, is the Chapel of the Angel, through which you pass to enter the Tomb of Christ in the Church of the Holy Sepulchre in Old Jerusalem. The tiny Chapel of the Angel, lit by fifteen hanging lamps, contains a large stone, said to be the one rolled away by the angel whose "countenance was like lightning, and his raiment white as snow." (Matthew 28:2-4) From this small chapel you stoop to enter the inner Tomb marked by a simple marble slab. An oblong shaped stone structure, standing directly beneath the Great Dome of the church, houses the two shrines. Six candles, as tall as the shrine itself, stand guard outside the entrance door and above it eight candles burn. The principal religious ceremonies and processions of Holy Week in Old Jerusalem center about this Tomb, the holiest shrine of Christendom, in the Bible Land of Jordan.

TODAY'S BIG SPECIAL

at a price that will open your eyes (and Purse)

IF YOU'RE in the market for a real buy, take a good look at this one.

It's a 1956 Buick SPECIAL—which means, of course it's a big car.

But look again at the price news it carries.

It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series.

Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones.

To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflo.†

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

†New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

HAZARD ——— KENTUCKY

Early Methodist Ministers

—by E. C. Watts—

WILLIAM BIBB LANDRUM

William Bibb Landrum was an elder brother of Reuben Washington Landrum already mentioned in these columns... we present a sequence of the time they labored in that section.

William Bibb was born in Fluvanna County, Virginia, on May 14, 1803. He emigrated with his parents to Kentucky in the fall of 1810 and spent the winter at Boonesboro in Madison county. Early the next spring, they crossed over to Clark County and settled on Upper Howard's Creek near Kidyville, Ky.

He attended the common schools in Clark County and became a proficient scholar. He began teaching school while quite a youth and continued for

a number of years.

On August 26, 1821, at a camp meeting in the county he was converted and united with the Methodist Church. He was licensed to preach in August, 1823, and at the Annual Conference in October, 1828, he was admitted into the Kentucky Conference on trial and continued in its membership for 51 years.

We will pass over the early years of his traveling ministry, until 1841, when he was appointed Presiding Elder of the Barbourville District which embraced a large portion of southeastern Kentucky made up of the following known counties: Estill, Clay, Whitley, Knox, Harlan, Letcher, Lawrence, Floyd and Breathitt.

During this period, he lived with his parents in Clark county and made his rounds of the District every three months. He held quarterly meetings at one of the churches on each charge. When he began in 1841, he visited the Kentucky Mission and when Letcher County was formed in 1842, it became the Letcher Mission in 1843. Remember his mode of travel was by horseback.

We are quite fortunate in the fact that Rev. Landrum kept a daily diary. In 1866 he published extensive extracts in a book entitled: "The Life and Travels of Rev. W. B. Landrum". While some critics have termed the book monotonous, it remains that now it is one of the best known sources of the early history of Methodists in the sections treated. This is especially true in regard to the early history in Letcher county.

The brief accounts of his trip to this section give us interesting sidelights on the life of one hundred and fifteen years ago. The first is for November 18-19, 1841.

"On Wednesday, I had a lonesome ride by myself up the Poor Fork, dined at Robert Smith's, and stayed all night at John Lewis's, Esq. The next morning, I made an early start and led my horse over a very high and steep and rough mountain (Pine) and got my breakfast at M. Early's and some time in the night, I was kindly received at Nat Collins's." Nat Collins was a son of the first pioneer Methodist preacher and lived on Rockhouse Creek.

Page 181—"My next point was Collin's Chapel for the Kentucky Mission on the third Saturday and Sunday in February 1842. I found Bro. Bogle (the pastor) on hand and ready for work. He preached twice and I preached three times and the meeting resulted in three additions to the church. We were kindly received and entertained at Father Collins's (James) The building called Collin's Chapel was near the junction of Camp Branch Creek and Rockhouse Creek. We have information that this building was erected in 1868. Where Collins's chapel was located in 1842 is not truly known.

May 1842—"Bro. Bogle's Quarterly meeting for the Kentucky Mission, was held the following Saturday and Sunday on the waters of Beaver, at the mouth of Salt Lick."

Page 190—Fall of 1842—"I then had another long and rough ride, for a few days over creeks, and rivers, and hills and mountains to Bro Bogle's at Boone Chapel. The meeting closed Sunday evening when several persons joined the church. We staid all night at Solomon Yont's"

On the next page 191, he mentions meeting some Letcher friends at a camp meeting. "I had the unspeakable joy of meeting at a Camp Meeting near Breathitt Courthouse (Jackson) my father from Clark County, my brother R. W. Landrum (probably pastor), and Father Collins, John Parsons, Brother Bogle and Bro. Sexton from Collins's Chapel.

Letcher Delegation Goes to Frankfort

Charles L. Kincer of the Rural School Improvement Project which is sponsored by Berea College, took a delegation of twelve citizens from Letcher, Harlan and Leslie Counties to visit the Highway Commissioner, Robert Humphrey in Frankfort during the week-end. The delegation consisted of Columbus Cornett, President of the Upper Line Fork Community Development Project, Albert Watkins, President of the Isaac's Creek Community Improvement Project in Harlan County; Miss Mabel Snyder of Big Laurel, Harlan County; Rev. Bill O'Hara, President of the Straight Creek Club in Harlan and Bell Counties, Curt Mathis, Assistant County School Superintendent of Harlan County.

The Delegation was well received. Mr. Humphrey had his engineers on hand to explain to the delegates the section of roads needing building in Letcher.

er, Harlan, Leslie and Bell Counties. Consequently, the road from Whitesburg, up Cowan, Line Fork, Upper Line Fork, through Isaac's Creek in Harlan County, an extension of the Pine Mountain Road through Straight Creek into Bell County was sketched for building in the near future. Also a section of the Big Laurel, Greasy Creek Road that connects 421 in Leslie was tagged for completion.

These Community Organizations in Letcher, Harlan, and Leslie Counties have been busy throughout the year in trying to do things together to improve living in their community. There has been a concerted effort to improve roads, obtain telephone service, extend the various farm crops, secure markets, etc., by these community groups. The idea behind these community organizations is **Where there is unity there is strength, where there is understanding there is cooperation, where there is cooperation there is happiness and success.**

Southern Bell Installs 5-Millionth Telephone

The five-millionth telephone operated by Southern Bell was installed today in the office of Gov. Frank G. Clement of Tennessee who accepted the gold-plated instrument as symbolic of growth and progress in the South.

The special telephone, engraved to commemorate the event, was presented to the Governor as a gift by S. H. Youngblood, General Manager for the Company in Tennessee, on behalf of Southern Bell's 65,000 employees. Gov. Clement is chairman of the Southern Governor's Conference.

The first call over the historic telephone was made by Fred J. Turner, president of Southern Bell, to Governor Clement, from Atlanta.

Mr. Turner said the historic telephone "is a significant symbol of the South's spectacular development, and of the still greater growth that is certain to come."

"Communications is more than ever the nerve center of modern living," he said. "The progress this telephone exemplifies broadens our responsibilities and rekindles our determination to serve well the public trust."

"The South has prospered because Southern Bell Telephone Company, among other things, has rendered a great and an outstanding service to the people," Governor Clement said in accepting the instrument.

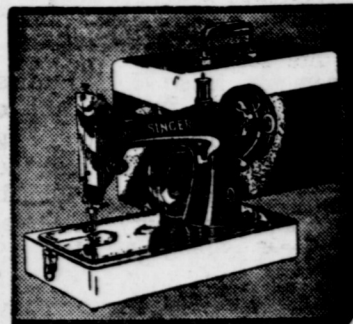

C. W. Stauss, Group Manager for Southern Bell pointed out that it was not until December of 1929 that the total number of telephones operated by the Company reached 1,000,000. At the end of 1945, Southern Bell had 1,863,204 telephones in service and in April of 1949, the number had risen to 3,000,000. The 5,000,000th telephone represents an increase of 168.4% in the 10 years since 1945, Mr. Stauss said.

He said that Southern Bell now operates 156 exchanges in Kentucky with a total of 414,242 telephones, an increase of 120% in the 10-year period. In Whitesburg, the Company has 960 telephones.

"Sixty-five thousand Southern Bell employees dedicated to providing good service to the Southland stand back of the 5,000,000th telephone," Mr. Stauss said.

"We consider this a historic event, not only for Southern Bell, but for Kentucky and all the other Southern states."

GMC
LEADS THE WAY

No other truck
can offer you as much
as a new 1956 GMC

LOOK AT the facts—no matter what kind of truck you need.

GMC's new light-duty power plants have as much as 16.2% greater displacement than the nearest competition. H.P.'s been upped as much as 20%. V8's are the latest in short-stroke design.

In the new half-tonners, a brand-new fast-ratio cruising axle gives you all the efficiencies of overdrive. And it's an option at a fraction of overdrive's usual price.

A new ride stabilizer gives Blue Chip

light-duties remarkable new riding comfort. No need to fight the steering wheel—even on the poorest roads.

All GMC's now have a 12-volt electrical system. Tubeless tires are standard equipment. And a new boulevard styling makes a GMC far and away the best advertisement you can run.

In short, new 1956 Blue Chip GMC's are just about as impressive a line as you've ever seen. Values are even more remarkable. Drop by and see for yourself!

Whitesburg To Open Baseball Season ... Friday, April 20th

The Whitesburg High School Baseball squad will make their diamond debut on Friday as they open their baseball season with the high regarded Jenkins Cavaliers, according to mound Coach Jim Preston.

Although the Yellowjackets have fielded no team with a highly successful season in the past, they will have returning veterans from last year's nine. Regular pitcher Frank "Coon" Combs will be back, along with Catcher Jimmie Jones, shortstop Basil "Clip" Sexton, Rex Polly, Johnnie Doyle, Charles Music, Lloyd Hodge, Charles Jones and Phillip Back.

The game will be played on the Jenkins mound at 2:00 P.M.

WRESTLING AT JENKINS FIELD HOUSE Sat., April 21, 8:15 P. M.

Wrestling at the Jenkins Field House, Jenkins, Ky., Saturday, April 21st, 8:15 P. M., promises to be quite sensational.

Promoter Moon Mullins has booked a Main Go, 60 minute time limit, Australian Style Tag Match between Mr. "E" and the "Mystery Man" vs. Wildman Fargo and Dr. Larry Corvette. This match should give the fans action galore.

The Main Go is supported by a return Match between Mr. "E" and Wildman Forego. These boys have wrestled twice without a fall and this match is Texas Style and should be the deciding match. Also supporting the Main Go is a match between the Ohio University football star Dr. Larry Corvette and the "Mystery Man."

OVERDOSE OF DRUG KILLS NAPIER SCHOOLGIRL, 15

Hazard, Ky., April 17—A 15-year-old Napier High School freshman, Patra Deroma Miller, died last night at Mount Mary Hospital after taking an overdose of a drug, Coroner George Archer reported.

The coroner, who ruled the death as suicide, said the girl had taken barbiturate pills after returning home from her classes Friday night. She was the daughter of Mr. and Mrs. Garland Miller of Upper Second Creek.

Archer quoted the family as saying the girl had been despondent, apparently due in part to the illness of her mother.

Rex Polly, a 17 year old, Whitesburg High School senior and Captain of the 1955-56 Yellowjacket cage squad, has accepted a bid to participate in the annual East-West All-Star Basketball Classic founded and promoted by the Senior Explored Scouts, Post No. 1 of Pikeville, Ky.

The opening game of the three game series will be staged in Whitesburg on June 5, the second game in Paintsville on June 7, and the final game of the Classic will be played in Pikeville on June 9.

Polly used his 6' 2" build as a forward on Coach Ernie Trosper's Whitesburg Yellowjacket team this year as he paced the Yellowjackets to the Runnerup spot in the 14th Region. Polly has received offers for a scholarship from several colleges and universities such as Transylvania, and VPI. Rex's Basketball honors include All-County and All-EKMC.

According to Bob Penny, Post Commander of the Explorer Unit, the players from both squads will gather in Pikeville on June 3 and leave on June 10. All expenses will be paid by the Scouts including room, meals, and transportation, along with game equipment.

Coach of the East squad will be John Bill Trivette, well known mentor of the Pikeville High School squad in the past, and a respected coach by all schools in the State of Kentucky who have played against him. Coach T. L. Plain of Henderson will be the head mentor of the West team.

Other probable players on the squad will be the fabulous "King" Kelly Coleman of Wayland, Don Mills of Berea, Bobby Shepherd of Carr Creek and others.

The East-West Contests are usually followed by a dance in the gymnasium or in a nearby site where the game is played.

Jack Taylor and the Band of Georgetown Garth High are expected to be the Official Band for the East-West Contests. Last year the Whitesburg High School Band, under the Direction of the same Jack Taylor, led the afternoon parades in each town before the contest that night.

Congratulations to you Rex, and the Eagle wishes you the best of luck in this contest and in your college athletics.

POLLY AND BLAIR GIVEN TRYOUTS AT TRANSYLVANIA

Captain Rex Polly and Pivotman Jimmie Blair of the Whitesburg Yellowjackets were guests of Coach C. M. Newton of the Transylvania Pioneers during the week end of K.E.A. and were given tryouts for basketball scholarships at Kentucky's oldest college. Following the tryouts Polly and Blair were given forms for completion for scholarships of \$750, at the Lexington, Ky. School.

Polly and Blair will tryout at VPI at Blacksburg, Va., on Friday.

Annual East-West Game

The West team of the East-West affair will have this year one of the greatest among the high school coaching staffs. T. L. Plain of Henderson will tutor the West.

Plain, coach of Henderson for the past three years has been highly successful. He has won 79 games while losing only 14. He and his boys have won the district match all three years, going on to the state tournament two times. Of these two times he has placed third and then he went all the way to the finals before bowing out to the State Champions, Carr Creek.

Plain is a graduate of Western Kentucky, having done graduate work at the University of Indiana.

Before coming to Henderson Plain coached at Breckinridge County High for four years.

On The Hill

By Phyllis Hall

K. E. A. was marked in the record books for being off the Hill on Thursday and Friday. This has here-to-fore been the week-end for catching up on school work and preparing for the next two exciting weeks. But the week-end was so pretty and such a grand time to go fishing and to sleep, so as usual the Musical Festival at Harlan has caught us unprepared.

The day following our return from the music festival we, Seniors will load up for a grand and glorious trip to Washington, D. C. Because of my absence for both the long awaited events this column will not appear for the next two weeks, but a full report on both activities is promised for the May 10th issue.

Seniors are up to their ears in worries and woes. More things to do and more excitement. Graduation invitations have arrived and everyone is wondering where they'll acquire the time to address them. Senior this is a slight suggestion: sweet talk Mammie and Daddy and just maybe they'll do it for you.

Monday was Club Day and the Wildlife Club is sponsoring a beauty contest. Five contestants (have to be members of the club) will be chosen by a club appointed committee and the faculty on May 8th will select the winner. The lucky girl will go to Pikeville, Kentucky on May 9th to compete with other beauties for the Miss Wildlife Club title of 1956.

The Science Club had two very interesting reports from Virgil Kincer and Ronald Collier. Virgil spoke on the different type waves that produced sound in television. Ronald's report was the progress of batteries over a period of years. Most of the clubs are planning a picnic day for a last get-together.

The senior play which is "The Little Shepherd of Kingdom Come," will be presented April 24th in the auditorium. Joella Craft and Virgil Kincer have the leading roles and the complete cast has been working diligently with Miss Raleigh to

present a good production.

Tuesday was the annual Letcher County Achievement Day and several schools throughout the county participated in the different contests. The Speech Class of Whitesburg High proudly took first place in every dramatic event. These are the medal winners! Janet Ison, Anna Louise Daniel, Betty Pratt, Ruby Caudill, Don Webb and Phyllis Hall. Mrs. Hall was very pleased and we are too, because Wednesday we received our grades.

The 4-H Club sponsored a public speaking contest at the Baptist Church on May 9th and Verna Lee Banks won first prize.

Tuesday afternoon the All-Festival members traveled to Jenkins for a combined practice, but was called off. These members and all of chorus will go to Harlan Thursday morning, April 26th, but the rest of the band will go Friday.

Thursday, April 19th Mrs. Hall and our superior discussion member, Douglas Polly, and three other speech students will go to the State Speech Festival in Livingston. Good luck, Doug.

A member of the senior class and a popular girl "On the Hill" Miss Eloise Reynolds is a patient at the Memorial Hospital convalescing from an appendectomy. Eloise was operated on Sunday about midnight. All her friends wish her a speedy recovery. The senior trip will not be the same without her.

Whitesburg grade school lost a wonderful teacher this week to another field of activity with the State Department, Mrs. Viola Moore, of the second grade. Her place is being filled by Mrs. Weidman, wife of a doctor at the Memorial Hospital.

—Phyllis Ann.

Pat Bumgardner, Barbara Stambaugh and Paul Hensley, Eastern students were home for vacation.

Palmer Scott and family were visiting in Dayton, Ohio over the week end.

Chandler Pledges Breaks Park Fund

Pikeville, Ky. — Governor Chandler assured the Breaks Interstate Park Commission this week that Kentucky will have \$100,000 available over the next two years to help develop the new park on the Kentucky-Virginia border. K. J. Day, vice-chairman of the commission said.

The State of Virginia recently offered \$100,000 for the new park if Kentucky would match it. The Governor has written to State Representative Goebel W. Newsome, Jr., of Elkhorn City assuring him that the State could provide \$50,000 a year for the next two years, Day said.

Volunteers For Cancer Crusade

Volunteers for several different communities that are in the fore front of the American Cancer Society's 1956 educational and fund-raising crusade in Letcher County are: The Junior Woman's Club of Jenkins, with Mrs. L. R. Blake as chairman; Mrs. Guy Jackson of Neon, working through the Homemakers' Club of that vicinity; Mrs. Hugh Combs of Seco and vicinity, working through the Homemakers' Club; and the Business and Professional Women's Club of Whitesburg, Kentucky with Miss Glaua Ware Adams as chairman of her committee and Miss Danola Fields and Miss Roberta Holcomb working on her committee.

There will also be committees working in Blackey, McRoberts and Millstone, whose names have not been obtained but will be given later. The drive began officially on Monday, April 2, but will continue through the entire month of April. April is CANCER CONTROL MONTH by Act of Congress.

The total sought nationally by the ACS will be \$26,000,000 and the quota for Letcher County is \$3600.

All available media of communication will be utilized by the publicity committee to carry to the people of Letcher County the ACS message about the necessity of widening cancer control, the county chairman said. With co-operation assured from various quarters, the committee will spread timely information through newspapers, radio, TV, motion pictures, posters, pamphlets, leaflets, window displays, and special exhibits. That publicity will show what the collected money is to be used for, particularly in the fields of medical research, public and professional education and service to patients.

The committees have divided their communities into areas and house-to-house visits will be made in each of those areas by volunteers working under direction of the individual-canvas committee. At every home educational literature about cancer and safeguards against it will be left, whether or not the resident makes a contribution.

Members of the special gifts committee will call upon individuals who are in a position to make contributions larger than average.

Heads of individual corporations and local mercantile establishments will be visited by volunteers from the trades and industry committee. And others from the organized groups committee will carry the American Cancer Society's appeal to mem-

bers of business, professional and social clubs.

The central objective of the whole campaign, Mrs. Hays emphasized, "is to increase greatly the number of lives that are now being saved from cancer."

Treasury Award Presented To Herman Hale

Herman Hale, Chairman for Letcher County Savings Bond Committee, was presented with a Treasury Award for outstanding patriotic service to the bond program.

The "100 per cent Club" Medallion is in recognition of this county's having achieved its 1955 sales goal of \$239,000. County sales for the year totaled \$330,993 in Series E and H Savings Bonds. 138.5 per cent.

The award was presented at Whitesburg by Hugh P. Finley, Area Sales Manager. He praised the efforts of Mr. Hale as well as the banks, newspapers, radio stations, and other volunteers who made the achievement possible.

"The people of this county are to be congratulated", Mr. Finley said "for their joint contribution to personal thrift and to a sound national economy. Show me an area where people have good thrift habits, and I will show you a progressive community with a sound economy. I have seen this proven many times in my travels over the state."

The silver medal, slightly larger than a silver dollar, was designed by a master engraver and struck at the government's Philadelphia Mint. The front bears the figure of the Minute Man, the Treasury Seal, and the wording: "U. S. Treasury Award." The reverse side carries the inscription: "For Patriotic Service—U. S. Savings Bonds Program." Also engraved on it are Mr. Hale's name and the year.

The medallion is mounted on a small transparent stand for resting on a desk or table.

SENIOR CLASS WILL GIVE PLAY

The Senior Class of 1956 will present their class play, "The Little Shepherd of Kingdom Come" on Tuesday, April 24th at 7:00 p. m., in the grade school auditorium. This play should be of great interest to everyone in this section of the state. This novel, by John Fox, Jr., sold over one million copies, and in dramatizing this celebrated work into three-act play form, Charles George, the noted playwright, has retained all the rich flavor, the beauty, the comedy, the quaint characterization and the great dramatic moments of the novel. It is the play perfect. To refresh your memory of the popular story, the setting is in the Kentucky Mountains, known as Kingdom Come. A homeless boy, "the little shepherd" has been cared for by two mountain people, whom he knew as Uncle Jim and Aunt Jane. On a trip to Frankfort on a raft of logs, Chad became lost and was picked up by Major Calvin Buford of the Kentucky aristocracy, and most of the play is cast in the Frankfort home of the Major. He falls in love with Margaret, a young girl of the Blue Grass. "He'd never seed a gal so purty afore." This haughty Kentucky miss and her mother rejected and ridiculed this mountain boy, who was trying to adjust himself to his new surroundings. After many unhappy experiences, Chad is finally restored to his proper place in the sun, and after a year at the University he wins the hand of Margaret and the respect and admiration of all.

Miss Raleigh who is coaching the play has made the following selection of cast: Chadwick Buford—Virgil Kincer; Miss Lucy Buford—Janet Ison; Mrs. Carolyn Dean—Shirley E. Brown; Thanky—Peggy Fultz (a mischievous little darkey); Margaret Dean—Joella Craft; Betsy Cherry—Janis McKnight; Melissa Turner—Peggy Von Vick; Nellie Hunt—Donelda Breeding; Jennie Overshteet—Phyllis Hall; Major Calvin Buford—Harold Cook; Nathan Cherry—S. T. Barrett; Tom (negro servant)—Paul York

Richard Hunt—Charles Adams. Everyone is urged to come out for an entertaining evening and support the Seniors. The proceeds will benefit their senior trip to Washington, D. C. Admission 50 cents and 25 cents.

East Whitesburg Homemakers

—Mrs. Virgil Blair, Reporter—
The East Whitesburg Homemakers met at the home of Mrs. Bob Owens for the April meeting. Only four members took advantage of the interesting lesson on decorative trimmings. Mrs. Barker gave the lessons. Mrs. Owens led the recreation.

The plans for the new year were discussed and voted on, led by Miss Roberta Halcomb. A delicious dinner was served to: Mrs. F. C. Hammonds and Mrs. Bruce Hammonds and Charles as guests, which we were happy to have, Mrs. John Jenkins, Mrs. Jack Jenkins and Karen, Mrs. Gordon Barker and Mrs. Owens.

Let's go to the District meeting at Quicksand.

How many have had their club radio programs, already?

Fleming had a good picture, are there others?

Sandlick Homemakers

On Thursday, April 6, 1956, Mrs. Stephen Cornett, Sr., was hostess to the Sandlick Homemakers Club. The meeting was called to order by the president, Evelyn Caudill. An inspiring devotional was given by Polly Caudill. Secretary Minnie Mullins read the minutes of the last meeting, and members answered the roll call with "Helpful Household Hints." Peggy Tackett was in charge of the landscape lesson for April. "Trim on Dresses," the lesson for the month, was given by Irene Reynolds. Following the lesson, Mrs. Cornett served a delicious refreshment plate to the following members.

Bell Blair, Rebecca Long, Polly Caudill, Corene Clay, George Taylor, Minnie Mullins, Poppy Adams, Peggy Tackett, Elsie Niece, Lettie Thompson, Irene Reynolds, Roberta Halcomb, Carolyn Frazier, Maggie Cornett, Evelyn Caudill.

Seco Homemakers

—by Lola Hooper—

The Seco homemakers club had its regular meeting at the Methodist Church on April 12. Those present were Stella Smith, Opal Fugate, Lola Hooper, Libby Combs and Miss Roberta Halcomb. Each member gave a household hint.

The Scripture was given by Opal and was taken from Proverbs 6:20-23. The thought for the month was: "What Does Home Mean to Me". Roberta read some beautiful thoughts about home. One was: "It takes a heap of living in a house to make it home." Another was "Home is where Mommie is, to a child."

The landscape notes on shrubs flowers and the care of the lawns was given by Lola.

The lesson covering cord and arrowheads stitching was very interesting. Delicious refreshments were served by Opal.

Little Cowan Homemakers

—by Mrs. A. C. Day—

The Little Cowan Homemakers met with Mrs. Hazel Day, April 4th.

The meeting was called to order by Pres., Hazel Day.

Devotional was read by Carrie Blair. Roberta was with us and talked about the District meeting at Quicksand, May 3rd. Television was on Decorative Details, given by Virginia Brown, was very interesting.

Ruby Sturgill gave the landscape notes. Everyone enjoyed the lunch served by our hostess. Our next meeting will be at Mrs. Cassel Caudill's, May 2.

Old Landmark Being Razed

The old brick two-story building on Main Street across from the Court House, known as the Jim Frazier home is being razed to make way for a modern Service Station. This building, an old landmark in town is said to be about seventy-five years old, being one of the first brick buildings built in the county.

KIWANIS SPIRIT

Weekly Bulletin of Kiwanis Club of Jenkins, Inc.

APRIL 12, 1956

This Week—April 12th:

Program Chairmen are C. O. Glass and J. L. Witt and we hope to have a film called "Scenic Kentucky." In addition several of our Key Club Boys, along with Bert Field and Dennis Combs will give the highlights on the recent Key Club Convention at Lexington.

Next Week—April 19th:

C. V. Snapp is in charge and believe he is planning a preview of the South-East Music Festival.

Last Week—April 5th:

President Hale presided as program chairman and handled the discussion on clean-up week. Our Club has pledged its support to the Mayor and Town Board to establish the week of April 16th thru the 21st, as official Clean-Up, Paint-Up and Fix-Up Week. A committee consisting of Kiwanians Blake, Jordan, Duncan Mattox and Banks were appointed to represent Kiwanis and to work with the Town Board on planning details.

International Convention:

C. V. Snapp has been elected as our Official delegate to the International Convention at San Francisco on June 17-21st. Bert Fields is the alternate delegate.

Guests:

J. C. Stambaugh—Member of Town Board.

Attendance Prize:

Mac "Thunderbird" McCormick won the attendance prize last week.

Damon Duncan brings the prize this week.

LAUGH LINES:

An easterner, motoring thru the Ozarks, paused at a particularly dilapidated farm to ask directions. "What's your main crop?" he asked the farmer.

"Hawgs," was the laconic reply. "Hogs?" repeated the traveler. "Do they pay better than corn or tobacco?"

"Wal, no," admitted the farmer. "No. I can't say as they do. But hawgs don't need no hoe-in'."

Dora, you've got to stop this abominable flirting with boys. Remember, if you keep it up, you'll be punished for it in the end."

"But, mother," protested the girl, "I've heard you say that you flirted yourself when you were a girl, and you've never been punished."

The mother frowned. "Child," she said with great solemnity, "someday I want you to make a close study of your father."

Uncle Mose was expostulating about his religion to the folks on Catfish Creek. "I know I ain't been what I oughta been. I has stole chickens, stole a lot of watermelons, told whoppin' lies, got drunk lots, cut about with my razor, shot lots of craps, cussed awful, but I sure am thankful there's one thing I ain't never done."

"What is it, Uncle Mose," asked a listener.

"In the midst of all my meanness, replied Uncle Mose. "I never lost my religion, no siree."

Damp Weather: At Income Tax time a lot of people are realizing that it's far better to give than to receive—after all, it's deductible."

"A man is just as big as the thing that makes him angry."

UNIVERSITY WILL FETE 1,000 COLLEGE CADETS

LETTER TO THE EDITOR

Hazard, Ky.,

April 10, 1956.

Hon. Editor of The Mt. Eagle, Whitesburg, Ky.

Dear Sir:

On today I received a letter from my friend Earl Day, of 201 W. Breckinridge, St., Louisville, 3, Ky. And "Quote": "Dear Lee:

"I have just read your article in The Mountain Eagle about the battling stick. I remember quite well my mother using one. She did not have a wooden block though she used a large flat rock or boulder at the edge of the branch where the wash place was located.

Incidentally my great grandmother, Susan Collier Day once killed a Deer with a "BATTILING STICK". The story is that some Dogs were chasing the Deer in the Pine Mountain and one came down by the wash place and she hit it across the neck with the battling stick and killed it.

Why not write an article on the early timbering and logging in eastern Kentucky and about splash dams and log rafts. It would be quite interesting, and I am confident you are capable since you are so familiar with "OLD TIME" traditions.

Sincerely yours,

—EARL DAY."

Yes, Friend Earl, I'll go back to my boyhood days in the early 80's, I'd help cut and fall the tree to the ground, saw it into the desired length, and with 2, 3 or four yoke of oxen haul to river bank and dump over the cliff to men below on river rafting into fleets of timber raft's 60 to 75 logs in raft, hanging oar on front end and one on stern end, and when the spring tides came, we'd untie with two good men bow hands on front end, the Stersman, now called Pilot with helper on stern end, and very often we'd run day and night before landing and tying up for few hours, living on corn-bread, fat back and coffee made with muddy river water on that 300 mile run as the river meanders from Hazard to Frankfort then our nearest market. All of which once upon a time I wrote for one of my home-town papers. I also wrote about logging on Linefork in Letcher, and building splash dam at the lower end of Will Lewis bottom way up above Hurricane Gap. I was store-manager and bookkeeper, and walking boss on this job. I also wrote for my home-town paper, Red Gid Ison's Courtship on Defeated Creek of Linefork when he made a boot-jack out of his sweet-heart, (she later on married Zack Frazier) I'll also tell you time I stayed all-night at Grant Ison's on Rockhouse creek and the Klu Klux came hunting for the big eater Iish Ingram, (Susan Grant's Wife I refer you to for my Alibi) I'll also tell you one night staying on job branding timber for Alex Smith on Linefork near the Hurricane Gap. Alex woke me up about one o'clock at night and sent me after the Granny Woman, and after I delivered the Granny Woman, he then told me to go up and down the creek for several miles and wage up all the men and women and tell them to come to his Granny frolic. Yes, Sir-ee, Hoss-fly Bug Halcomb, Lower John and upper John Halcomb, Will Cornett Will Lewis and too many to mention were there, Johnny on the Spot, some with Banjer, Fiddle and jugs of good old pure mountain dew. I'm telling you after everything was safe and sound and all well, we had a hog-killin-time. And the present I gave Uncle Will Cornett that lived a short distance above the Hurricane Gap, "TO WIT" one blooded Pole and China Male hog, and which he named Lee, and the last time I saw Uncle Will, he told me his hog Lee had more lady friends from the mouth of Dry Fork to head of Linefork, than King Solomon had wives and concubines. All of these true happenings I have heretofore written for my home-town paper. Yes, I happen to remember totin the mail horse and mule back from Hazard to Whitesburg, when I, a great long-legging drink o'water 13 and 14 years old. One trip each week, staying overnight in Whitesburg, 2 meals for self and 2 for horse and bed and barn-to-boot for 50 cents. Trip paid

\$3.00. Yes, this all heretofore, long ago written and published in Hazard paper.

Now Earl, you must remember the Old Gray Mare ain't what she use to be, no not by a jug-full. But perhaps later on some day, when I'm feeling my oats, with about two inches of Mountain dew in wash-tub under my belt, for you and my many, many friends in the good old County of Letcher I'll try and "cut the mustard" again.

Now, and forever thine,
—Lee Daniel.

THE PARSON SAYS:

E. Hampton Barnette

THE UNION COLLEGE A CAPPELLA CHOIR will sing at the Whitesburg Methodist Church, on Sunday night, April 22. You are cordially invited to hear this famous choir.

UNION COLLEGE at Barbourville, Kentucky, is a Methodist College. Eastern Kentucky is very fortunate to have such a school so near us. The College is growing strongly with new buildings, and one of the strongest faculties in Kentucky.

In my visiting this week I ran into an old friend from a town where I was pastor several years ago. He told me how liquor had swept one after another into death. Liquor is not limited to any class of people. Some of the wealthiest people of that town have come to poverty, and were bankrupted spiritually. Millionaires fell into the hands of liquor, and were crushed to death taking their vast fortunes with them.

It is reported by good authority that 25 out of every 100 persons killed on the highways are killed by the use of liquor, and a large number of crippled for life were mangled at the hands of drunk drivers.

It is just as honorable to take a gun and go up and down the highway shooting at innocent women and children, as it is to take cars and drive while drunk, slaying people by the thousands.

A man who told me he was an alcoholic gave me this little card this week and said that he prayed that prayer every day. Here is the little prayer:

"God grant me the serenity to accept the things I cannot change,
The courage to change the things I can,
And the wisdom to know the difference."

"Alcoholic Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism."

We cannot beat people over the head and make them quit drinking liquors, but we can be friendly, sympathetic, and prayerful. Alcoholism is one of our most deadly diseases, and has been since the days of Noah. Those who drink it, despise it, but it is like cancer it holds on until it kills, unless the addict through courage, power, and prayer shakes it off, like he would shake a poison snake off his body.

When young people begin to drink liquors, the road ahead of them is dark, deathly dangerous, and can easily get out of control. When life is out of control anything can happen. May God save our people from alcohol.

"WILL NOT, THE JUDGE OF ALL THE EARTH, DO RIGHT?"

When my burden is so heavy
And life's road is dark as night,
It helps to light my pathway,
Knowing God does all things right.

I am glad He is near me,
Knows all I say or do,
His guiding hand will lead me,
All life's pathway through.
He is the judge of all the earth,
There is nothing hid from Him,
He is the judge of all the earth,

And He knows about all sin.
Sin cannot be hidden,
From His wise, all-seeing eye,

All sin will be revealed,
In the future by and by.
Judgment day is surely coming,
When all will stand before His throne,

Many will hear Him say,
"Depart
You I have never known.
It will be worth all life's burdens,

He has known all my trials,
A crown of life I have won.
He is the Judge of all the earth,
He does all things right,
He made a way you could be saved,

Why go down to everlasting night?
—Rebecca Jones.

THE BRIDGE BUILDER

An old man, traveling a lone highway,
Came at the evening, cold and gray,

To a chasm vast and deep and wide,
The old man crossed in the twilight dim,

The sullen stream had no fear for him;
But he turned when safe on the other side,

And built a bridge to span the tide.
"Old man", said a fellow pilgrim near;

You are wasting your strength building here,
Your journey will end with the ending day,

You never again will pass this way.
You have crossed the chasm dark and wide;

Why build you this bridge at eventide?
The builder lifted his old gray head:

"Good friend, in this way I have

come," he said,
"There followeth after me today
A youth whose feet must pass this way;
This chasm that has been as naught to me,
To that fair-haired youth may a pitfall be,
He, too, must cross in the twilight dim,
Good friend, I am building this bridge for him."

FRIENDS

Friends are like sunlight
Hopeful and clear
Thinking the best of us,
Lending their trust to us,
Loyalty just to us,
True friends give cheer.

Friends are like mountains,
Steadfast and sure;
Fortune may frown at us;
Fortune may smile at us,
Yet, all the while for us,
True friends endure.

Fleming and McRoberts Baptist News

—by Pastor James E. Casey, Jr.

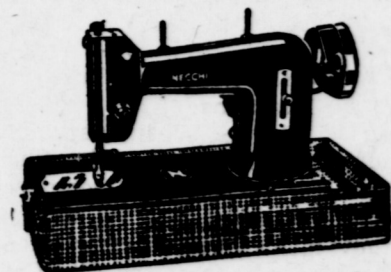

It rained about all day Sunday but we had a glorious day at all our services. We had 70 in Sunday School at McRoberts, 37 at Fleming and 36 at Hemphill. Our attendance is increasing every Sunday at Hemphill. If you haven't been attending our Mission Sunday School at the Hemphill Grade School at 2:00 P. M., On Sunday we give you a special invitation to come and join our fellowship.

We are having a great time in our Revival Meeting at McRoberts Baptist Church. Bro. Clel B. Rodgers has been bringing the messages each evening at 7:30 P. M. (EST). The Lord has been in our services each evening in a mighty way. We are looking for at least 200 in Sunday School, Sunday morning. Brother Rodgers will be in all our services Sunday. The services will continue through Wednesday night.

The Fleming Baptist Church invites you to attend Training Union each Sunday night at 6:30 P. M. If you would like to serve the Lord better you should come to Training Union. All of us I am sure need to serve the Lord more effectively.

Can you be trusted? That's the kind of question, of course, that gets a man rattled. Can you be trusted with the reputation of a Christian? Is the honor of the Lord Jesus safe in your hands? The Bible has a lot to say about honesty and it expresses God's displeasure against dishonesty in no uncertain terms. The Bible says, (Lev. 19:13) "Thou shalt not defraud thy neighbor, neither rob him." (Prov. 19:5) "A false witness shall not be unpunished, and he that speaketh lies shall not escape."

Maloo - Dawahare Wedding - - Takes Place in Boston, Mass.

The marriage of Miss Jeanne Marie Maloo, daughter of Mr. and Mrs. James Sady Maloo of Belmont, Mass., and A. F. Dawahare, son of the late Mr. and Mrs. Suro Frank Dawahare of Whitesburg, was solemnized at 4:00 o'clock in the afternoon on April 3rd, at Our Lady of the Annunciation Church, Boston, Mass., with Rt. Rev. Eftimus Saba and Rt. Rev. Lucian Maloo, cousin of the bride officiating.

The vows were exchanged before an altar entwined with greenery and white Easter lilies. Pew decorations included white gladioli and white poms.

Given in marriage by her father, the bride wore a gown of silk and soie designed on princess lines with the yoke and sleeves of embroidered Alencon lace accented with pearls and paillets which extended down the back of the gown into a court train. She wore long white gloves and a pill box headpiece with French illusion veil completed her costume. She carried a prayer book topped with orchids and Stephanotis.

Miss Joyce Marie Rahal, of Belmont, cousin of the bride, was maid of honor and wore a gown of sunlight yellow taffeta made princess style. She carried violets tied with yellow streamers.

Mrs. Marlene Maloo Saidnaway of Cambridge, Mass., sister of the bride, was matron of honor, and wore a similar frock. Her bouquet was fashioned of violets and was centered with yellow roses and tied with yellow streamers.

Bridesmaids were Miss Sybil Dawahare, Whitesburg, Ky., sis-

ter of the groom and Miss Theresa Sullivan of Belmont. They were attired in gowns similar to that of the maid of honor and matron of honor, and carried violets with yellow streamers.

Dee Dawahare, Whitesburg, Ky., served his brother as best man. Ushers included James J. Rahal, Belmont; Leo Saidnaway, Cambridge, Mass.; C. Martin Dawahare, Hoover Dawahare, Whitesburg, Ky.; Frank Dawahare, Pikeville, Ky.

FLOWER ARRANGEMENT AND TALK GIVEN BY MRS. HARRY M. CAUDILL TO JENKINS WOMAN'S CLUB

A delightful and informative talk and demonstration on flower arrangements was given by Mrs. Harry Caudill of Whitesburg, a member of the Whitesburg Garden Club and the Woman's Club, to members of the Woman's Civic Club of Jenkins, on Tuesday evening, April 10, at the Jenkins Library.

In the program, arranged by the American Homes Department, Mrs. Caudill proved that homes could be made more attractive and livable through the media of thoughtful and proper flower arrangement, and gave many interesting points in flower arrangement. She stressed emphatically that the arrangement be made for a specific place in the home, as well as for specific occasions, as she showed numerous pictures of flower arrangements and demonstrated the way in which various arrangements are made. With flower containers of various designs and shapes and literally armfuls of the various spring flowers that she had brought from her own and her friends' gardens, she deftly and quickly fashioned an arrangement suitable for a coffee table, one for Christmas, two for use in the center of a dining room table, one in the shape of a crescent and many others. Club members who had brought containers and flowers also made similar arrangements under the guiding hand of Mrs. Caudill.

Prior to Mrs. Caudill's talk, Mrs. John Thomas, director of Vocal Music in the Jenkins School, presented an ensemble of fourteen of her pupils, who sang several numbers. Afterwards, Susan Sexton, daughter of Mr. and Mrs. Paul Sexton, delighted those present by giving a musical reading, "Under the Lilac Tree," accompanied by Mrs. Henry Sewell.

The brief session, which was presided over by Miss Clara Shaw, president, Mrs. Fred Pack, treasurer, reported that 59 members had paid dues for the year. A "Thank You" letter was read from Mrs. Wardie Craft for the donation of a \$50.00 membership in the Mountain Haven Children's Home, and for the Easter baskets, food and clothing that was taken to the children of the Home at Eastor, by members of the Club. An announcement by Mrs. Steve Varson informed the members that the Handicraft Exhibit would be April 30 and May 1st at the Library, the latter date being the regular meeting date of the Club. Only Club members may enter handicraft articles, and each article entered must have been made by the member. Prizes and ribbons will be awarded, and the best pieces will be entered in the Handicraft Exhibit of the State Federation of Woman's Clubs.

Hostesses for the evening were Mesdames Raymond Wetzel, Ivan Brush, Farley Gilley, Richard Litts, Carl Layne and Miss Gertrude Gambrell.

Guests were Mrs. Caudill and Mrs. Zennith Bentley, of Whitesburg; Mrs. S. O. Polly, Mrs. Taylor Horne, Mrs. Paul Sexton, and Mrs. John Thomas.

Whitaker - Mullins Vows Exchanged

Mary Lou Whitaker Of interest to Jenkins was the marriage of Miss Mary Lou Whitaker, daughter of Mr. and Mrs. Charles I. Whitaker of Burdine, to Jimmy W. Mullins, 1st Lieutenant, United States Air Force, and son of Mr. and Mrs. Ivan Mullins of Jenkins, which took place Wednesday, February 15, 1956, at three o'clock in the Chaumont Air Base Chapel, Shaumont, France.

The Reverend Glenn M. Mann, Chaplain of the Air Base, performed the ceremony in the lovely new chapel amidst tall cathedral candles and baskets of carnations ranging from white to pale pink.

Lt. William C. Thomas presented the nuptial music and sang, "Because."

The bride, given in marriage by Captain William Dougall, was lovely in a white floor-length gown of Alencon lace and nylon tulle over satin. The molded bodice of lace was designed with a portrait neckline outlined in scallops. The sleeves were long and ended in points over the hands. The very full skirt of satin with two full skirts of tulle, was worn over hoops, and over this was a skirt of beautiful Alencon lace extending two-thirds of the length of the skirt. Her finger-tip veil of French illusion edged in Alencon lace was fastened to a beautiful tiara of pearls and rhinestones. The wedding gown and veil were hand-made by her mother. She carried a bouquet of white carnations with lace streamers.

Mrs. Morris Lambert was matron of honor and was attired in a soft beige lace dress with pink accessories. She carried a bouquet of pink carnations.

Lt. William C. Thomas was the best man and the ushers were Lt. Richard Miller and Lt. Morris Lambert, all of whom were attired in military dress.

Immediately following the wedding a reception was held in the Officer's Club. A long table decorated with pink candles and pink carnations was placed in front of a large fireplace, in which huge wooden logs were burning.

Fellow officers of Lt. Mullins entertained the wedding party of 40 at a dinner at seven o'clock and the young couple left for a two-week's trip to

Switzerland, and are now at home in Bar-sur-Aube, France.

The bride is a graduate of the Jenkins High School and attended Morehead College, where she was an excellent student and outstanding in dramatics. She has been employed for the past two years by the National Mine Service Company in Jenkins, as Secretary to the Manager of the Plant.

The groom is also a graduate of the Jenkins High School and of Virginia Polytechnical Institute, Blacksburg, Virginia and is now serving the United States Air Corps in France. He is one of a chosen group that will represent the United States Air Force at the wedding of Grace Kelly in April.

Nuptials Said at Neon Methodist Church

On Saturday, April 14, in the Neon Methodist Church, Miss Alma Florence Haddix became the bride of Langford C. Craft of Mayking. During the double-ring ceremony performed by Harry T. Barnett, Organ arrangements was presented by Mrs. Hillard Kincer.

The bride wore a light blue dress of pure silk with black accessories and a white ornaid corsage. Mrs. Dosea Webb, sister of the bride, wearing a pink dress and corsage of white carnations was Matron of Honor.

Mr. Dan Craft, twin brother of the groom served as best man.

Following a reception at the bride's home, the newly-weds left for a wedding trip to Washington, D. C. When they return they will make their home in Dayton, Ohio.

Bottom Fork

It seems as though the farmers are behind owing to the cold-wet weather. A few potatoes have been planted.

It was a big surprise for Uncle Rile Sparks, Sunday morning as all his children, thirteen, approached his door loaded with food for his birthday. He was 81 years old. He is very spry for that age. There was a very large crowd as he has 51 grandchildren, a number of great great grandchildren. Some close friends and neighbors enjoyed the dinner and he received lots of gifts. He surprised all the children after they had eaten dinner. He told them he wanted church and he joined the Baptist Church and had more rejoicing. He will be baptized April 22 at Mayking, Ky., at the Thornton Baptist Church.

Chester Webb, Corlie and Sonny Webb, went to Norris Lake, Tenn., last Wednesday, fishing. They report a fine trip and plenty of fish.

Our neighbor Claude Wilcox, is a little under the weather. The flu bug is making its rounds again. We hope he soon will be out again.

Mr. and Mrs. Doyle Webb of Dayton, Ohio were visiting their many friends in Letcher and Magoffin County, over the weekend. Mrs. Webb the former Geraldine Adams, of Magoffin county. She is a graduate of Eastern State College with an A. B. degree.

James Gose, who is in the U. S. Army, was home for a few days with his wife, Carlene and son, Jimmie Critt.

HEALTH FOR ALL

"Today the modern mother breast feeds her baby," says Mrs. Grace W. Collins, R. N., Letcher County Health Department nurse. "Breast feeding is an insurance against infant diarrhea and generally gives a baby a healthier, happier, start in life."

Most mothers can nurse their babies without any difficulty, and a mother's milk contains almost everything a young baby needs for nourishment.

Breast fed babies have many advantages and greater health protection than bottle fed ones. Infection is less likely from a breast. A mother passes some antibodies against disease to the infant in her milk. Breast milk is cheap and requires no advance preparation since the milk is always ready and at the correct temperature. A baby is more apt to get the amount of milk he needs at one feeding when his food isn't measured for he can drink until he is satisfied.

Mrs. Collins recommends that nursing mothers plan their regular work around their baby's feeding schedule. During feeding time a mother should relax and enjoy her baby. During the milk producing months, a mother should watch her diet carefully. Additional information on breast feeding and a mother's diet is available in the pamphlets, "Mother, Breast Feed Your Baby" and "Your Food Before the Baby Comes" which can be obtained at the Letcher County Health Department.

Nowadays, in the spring a young man's fancy turns to do-it-yourself jobs around the house. But the Letcher County Health Department warns that home accidents can often result from amateur home repair, maintenance, and improvement work.

Fatal accidents in and about the home are considerably more frequent among men than women—even though men are generally not around the house a large part of the day. Falls are the chief cause of home acci-

dents among men up to the age of 65. Such do-it-yourself jobs as roof repairing, house painting, shingling, or adjusting and installing television aerials contribute greatly to the number of fatalities from falls.

The best safety rule to remember when working around the home is the rule of common sense. Most home accidents can be prevented by observing simply the jobs for which you have the knowledge and equipment.

The Health Department reminds all do-it-yourselfers in Letcher County to consider their age and health, and do only those things they can handle. Don't hesitate to call in an expert in cases where neither you nor your equipment are qualified to do the job properly. Also, certain installations are governed by building inspection codes and should not be attempted by an amateur.

Always remember, when you do-it-yourself, do it safely.

Former Jenkins Resident Receives Promotion in Tenn.

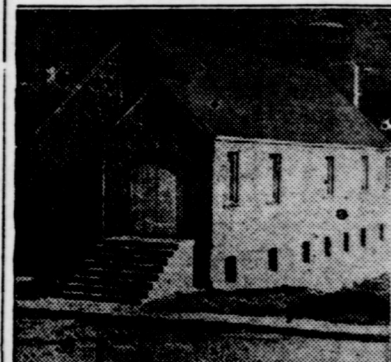

The Reverend Clyde C. Flannery, president of the Southern Union College, Wedley, Alabama, since August, 1951, has resigned his office and will accept a call to the Brookmeade Congregational Christian Church in Nashville, Tennessee. This announcement was released recently. The resignation will be effective August 1st.

The college has experienced continued expansion under Flannery's administration. According to information released by the Public Relations Office, enrollment for 1951-52 was 127—this year's total is 235. The budget for the first year was less than \$40,000 and the Board today was presented with an \$80,000 budget for 1956-57. The most notable increase is in faculty salaries. In 1950-51, the total was \$9,500. This year the total figures will be \$46,000. Many improvements have been made in the campus buildings and grounds and in the special services to the community—remedial reading, recreational leadership, continuation of the self-help scholarships and renewed emphasis upon trained personnel.

The Flannery's will move into one of the "high potential" new churches in their Nashville parish. Brookmeade church is a project of the Congregational Christian Board of Home Missions and was organized in 1954. It is located in a strategic area for growth and service to the community.

President Flannery is a native of Kentucky and received his education at Berea College and Yale Divinity School. He has served pastorates at Berea, Evans, Kentucky; and was pastor of the Langdale, Ala. Congregational Christian Church before accepting the call to serve Southern Union. He is widely known throughout the denomination and is a member of the board of directors of the Council for Social Action of the Congregational Christian churches.

President Flannery is a son of Mr. and Mrs. Robert Flannery, Jenkins, Ky.

NEON FELLOWSHIP SUPPER
We invite our members and friends to join with us in a fellowship supper at the Neon Methodist Church, Friday, 7:30 (EST) April 20.

Following the supper we will discuss the building of a parsonage for the Methodist Church at Neon. Announced by Rev. Harry T. Barnett, Pastor.

STRAWBERRY CORNER**by Robert H. Fike**
Area Strawberry Agent

Meetings to be held: Strawberry dusting meetings as follows:

Thursday, April 19th at 1:00 at Wallace Kincer's—Mayking.
Thursday, April 19th at 2:00 P. M., at Solomon Hampton's—Jeremiah.

Saturday, April 21, 9:00 at Burley Hale's—Whitesburg.
The insects are quite costly pests in a strawberry patch. Control them and you pick more good berries. A good dusting or spraying program may increase yield up to 40-50 crates per acre.

With bloom starting all berry growers should line up plenty of pickers. (even more than you need) some may not be good pickers and will need to be let go.

Marketing meetings will be held just ahead of picking. Such things will be discussed as:

How to Pack berries in crate? Shall I Process berries or sell to fresh market?

How do I mark Crates? How do I put the Crate Together?

Where do I buy Crates? Watch for the dates of these meetings and plan to attend at least one.

Then picking, packing and grading demonstrations or meetings will be held for the growers convenience. Berries must be graded in order to get good prices.

So far, the patches are looking extra good. Insect Control time is HERE. Check the new plantings to see that the roots are not exposed or that the crown is not covered. Either will result in a dead plant.

MRS. CAUDILL, 86 YEARS VISITS EAGLE, SUBSCRIBES

UNCLE ISAAC FIELDS WRITES

Cumberland, Ky.,
April 16, 1956

Dear Mr. and Mrs. Nolan:
We, of the Oven Fork Church ask our friends of the county to help build the road from the State Highway to the Oven Fork Church House. The big flood tore the road up so bad they can't take a car from the highway to the Church House and the people at large will appreciate the help from the county.

I will thank The Mountain Eagle for printing this request.
Yours truly,
—Isaac W. Fields.

ADVANCEMENTS BEING MADE in agricultural research are outlined to Senator Earle C. Clements (right) by Frank L. Teuton, former Kentuckian now with the U. S. Department of Agriculture. Models who showed Senator Clements some new fashions based on agricultural products are Norma Payne and Rose Mazzula.

AGRICULTURAL RESEARCH DOES AMAZING THINGS WITH PRODUCTS

Washington, D. C. — The old puzzle used to be:

"Which comes first—the chicken or the egg?"

Now it might well be stated this way:

"Which comes first—the chicken or the feathers?"

This development arises from the fact that research technicians in the U. S. Department of Agriculture have now developed a formula through which chicken feathers can be made into chicken feed. So, the chicken feathers are fed to chickens, who produce more chickens to produce more chicken feathers to be fed to more chickens.

This was one of the facts which Senator Earle C. Clements learned in a session with Frank Teuton, a former Kentuckian and a classmate of Senator Clements at the University of Kentucky, and now an information officer for the Department of Agriculture.

Teuton gave Senator Clem-

ents a review of research activities which have placed emphasis upon Kentucky agricultural products, many of which are being produced in surplus quantities. The research seeks means of disposing of these surpluses.

That use of chicken feathers to produce chicken feed isn't the only thing being done with what once was a wasted product. Better paint brushes are now being made from reconstituted chicken feathers than are produced with the famed Chinese hog bristles which had to be imported.

And agricultural research has developed encouraging new uses for inedible animal fats. This is important because of a huge surplus of fats from hogs and cattle that once went into soaps.

"Now," Teuton told Senator Clements, "the detergents have taken over the field, but the researchers found ways to use these inedible fats in the production of plastic items such as raincoats, garden water hose, floor tile and other things."

From tobacco there is now

produced a drug—"Rutin"—which is valuable in the treatment of heart ailments and other capillary disorders.

Teuton showed Senator Clements shotgun shells held together with glue made from Kentucky soybeans, disease-free strawberries, milk sugar which produces penicillin, brilliant fabrics made from the protein in hybrid corn.

For the Kentuckians who like orange juice but have difficulty in getting fresh oranges, Teuton displayed orange juice in a powdered form which requires no refrigeration yet retains all the qualities of fresh juice.

Agricultural research has developed many techniques which aid in manufacturing, Teuton explained. For example, he showed Senator Clements a smartly-styled raincoat which had been made water repellent by weaving the fabric 25 percent closer than ever before.

Senator Clements participated with Teuton in the production of a film for television describing the research advancements being made.

Sergent News**MRS. RUSS POWELL**

Sergent Sunday School attendance April 15-53.

Mr. and Mrs. Emmitt Gibson have gone to Johnson City, Tennessee where Mr. Gibson will consult an eye-specialist. Nellie Ann Gibson is visiting with her grandparents Webb, while her

parents are away.

Mrs. Nell Webb expects to enter Good Samaritan Hospital, Lexington soon for a check up.

Mr. and Mrs. Conrad Isaacs and son Freddie were Sunday guests of their parents, Mr. and Mrs. Russ Powell.

Little Howard Eugene Smith is ill this week.

Deborah Mosgrove, little daughter of Mr. and Mrs. Fernoy Mosgrove was a recent patient in Park Avenue Hospital at Norton, Va.

Among those on the sick list this week are Mrs. Charlie Haynes, Mrs. Loudema Hunsucker and Mrs. Allen Robinson.

Mrs. Bert Craft of Ft. Knox, Ky., is expecting to join her hus-

band at Ft. Churchill, Canada, at an early date. Bert reports that it is 35 below zero there.

Mrs. Robert Carr and sons of Atlanta and Mrs. M. H. Williams of Marietta, Ga., were visitors with relatives during the weekend. They attended the wedding of their niece, Doris Jean Cox.

Miss Doris Jean Cox and Ken-

neth Elkins were united in marriage on Thursday, April 12th, and left immediately following the ceremony for Cumberland Falls for a short honeymoon.

Bottom Fork

It seems as though the farmers are behind owing to the cold-wet weather. A few potatoes have been planted.

It was a big surprise for Uncle Riley Sparks, Sunday morning as all his children, thirteen, approached his door loaded with food for his birthday. He was 81 years old. He is very spry for that age. There was a very large crowd as he has 51 grandchildren, a number of great great grandchildren. Some close friends and neighbors enjoyed the dinner and he received lots of gifts. He surprised all the children after they had eaten dinner. He told them he wanted church and he joined the Baptist Church and had more rejoicing. He will be baptized April 22 at Mayking, Ky., at the Thornton Baptist Church.

Chester Webb, Corlie and Sonny Webb, went to Norris Lake, Tenn., last Wednesday, fishing. They report a fine trip and plenty of fish.

Our neighbor Claude Wilcox, is a little under the weather. The flu bug is making its rounds again. We hope he soon will be out again.

Mr. and Mrs. Doyle Webb of Dayton, Ohio were visiting their many friends in Letcher and Magoffin County, over the weekend. Mrs. Webb the former Geraldine Adams, of Magoffin county. She is a graduate of Eastern State College with an A. B. degree.

James Gose, who is in the U. S. Army, was home for a few days with his wife, Carlene and son, Jimmie Critt.

HEALTH FOR ALL

"Today the modern mother breast feeds her baby," says Mrs. Grace W. Collins, R. N., Letcher County Health Department nurse. "Breast feeding is an insurance against infant diarrhea and generally gives a baby a healthier, happier, start in life."

Most mothers can nurse their babies without any difficulty, and a mother's milk contains almost everything a young baby needs for nourishment.

Breast fed babies have many advantages and greater health protection than bottle fed ones. Infection is less likely from a breast. A mother passes some antibodies against disease to the infant in her milk. Breast milk is cheap and requires no advance preparation since the milk is always ready and at the correct temperature. A baby is more apt to get the amount of milk he needs at one feeding when his food isn't measured for he can drink until he is satisfied.

Mrs. Collins recommends that nursing mothers plan their regular work around their baby's feeding schedule. During feeding time a mother should relax and enjoy her baby. During the milk producing months, a mother should watch her diet carefully. Additional information on breast feeding and a mother's diet is available in the pamphlets, "Mother, Breast Feed Your Baby" and "Your Food Before the Baby Comes" which can be obtained at the Letcher County Health Department.

Nowadays, in the spring a young man's fancy turns to do-it-yourself jobs around the house. But the Letcher County Health Department warns that home accidents can often result from amateur home repair, maintenance, and improvement work.

Fatal accidents in and about the home are considerably more frequent among men than women—even though men are generally not around the house a large part of the day. Falls are the chief cause of home acci-

dents among men up to the age of 65. Such do-it-yourself jobs as roof repairing, house painting, shingling, or adjusting and installing television aerials contribute greatly to the number of fatalities from falls.

The best safety rule to remember when working around the home is the rule of common sense. Most home accidents can be prevented by observing simple precautions and by doing the knowledge and equipment.

The Health Department reminds all do-it-yourselfers in Letcher County to consider their age and health, and do only those things they can handle. Don't hesitate to call in an expert in cases where neither you nor your equipment are qualified to do the job properly. Also, certain installations are governed by building inspection codes and should not be attempted by an amateur.

Always remember, when you do-it-yourself, do it safely.

Former Jenkins**Resident Receives****Promotion in Tenn.**

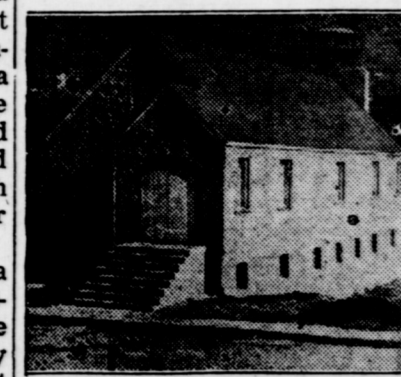

The Reverend Clyde C. Flannery, president of the Southern Union College, Wedley, Alabama, since August, 1951, has resigned his office and will accept a call to the Brookmeade Congregational Christian Church in Nashville, Tennessee. This announcement was released recently. The resignation will be effective August 1st.

The college has experienced continued expansion under Flannery's administration. According to information released by the Public Relations Office, enrollment for 1951-52 was 127—this year's total is 235. The budget for the first year was less than \$40,000 and the Board today was presented with an \$80,000 budget for 1956-57. The most notable increase is in faculty salaries. In 1950-51, the total was \$9,500. This year the total figures will be \$46,000. Many improvements have been made in the campus buildings and grounds and in the special services to the community—remedial reading, recreational leadership, continuation of the self-help scholarships and renewed emphasis upon trained personnel.

The Flannery's will move into one of the "high potential" new churches in their Nashville parish. Brookmeade church is a project of the Congregational Christian Board of Home Missions and was organized in 1954. It is located in a strategic area for growth and service to the community.

President Flannery is a native of Kentucky and received his education at Berea College and Yale Divinity School. He has served pastorates at Berea, Evans, Kentucky; and was pastor of the Langdale, Ala. Congregational Christian Church before accepting the call to serve Southern Union. He is widely known throughout the denomination and is a member of the board of directors of the Council for Social Action of the Congregational Christian churches.

President Flannery is a son of Mr. and Mrs. Robert Flannery, Jenkins, Ky.

**NEON FELLOWSHIP SUPPER**

We invite our members and friends to join with us in a fellowship supper at the Neon Methodist Church, Friday, 7:30 (EST) April 20.

Following the supper we will discuss the building of a parsonage for the Methodist Church at Neon. Announced by Rev. Harry T. Barnett, Pastor.

STRAWBERRY CORNER

by Robert H. Fike
Area Strawberry Agent

Meetings to be held:
Strawberry dusting meetings as follows:

Thursday, April 19th at 1:00 at Wallace Kincer's—Mayking.
Thursday, April 19th at 2:00 P. M., at Solomon Hampton's—Jeremiah.

Saturday, April 21, 9:00 at Burley Hale's—Whitesburg.

The insects are quite costly pests in a strawberry patch. Control them and you pick more good berries. A good dusting or spraying program may increase yield up to 40-50 crates per acre.

With bloom starting all berry growers should line up plenty of pickers. (even more than you need) some may not be good pickers and will need to be let go.

Marketing meetings will be held just ahead of picking. Such things will be discussed as:

How to Pack berries in crate?
Shall I Process berries or sell to fresh market?

How do I mark Crates?
How do I put the Crate Together?

Where do I buy Crates?
Watch for the dates of these meetings and plan to attend at least one.

Then picking, packing and grading demonstrations or meetings will be held for the growers convenience. Berries must be graded in order to get good prices.

So far, the patches are looking extra good. Insect Control time is HERE. Check the new plantings to see that the roots are not exposed or that the crown is not covered. Either will result in a dead plant.

MRS. CAUDILL, 86 YEARS VISITS EAGLE, SUBSCRIBES

Visitors at The Mountain Eagle Office on Monday were Mrs. Maggie Caudill of Cronona and daughters, Mrs. Joe Marrs, Cincinnati and Mrs. Hargis Simmons, and Mr. Simmons of Coeburn, Va.

Mrs. Caudill is eighty-six years old and seems to be enjoying good health. She subscribed to The Mountain Eagle for Mrs. Marrs. She visited recently in Coeburn with Mr. and Mrs. Simmons.

UNCLE ISAAC FIELDS WRITES

Cumberland, Ky.,
April 16, 1956

Dear Mr. and Mrs. Nolan:
We, of the Oven Fork Church ask our friends of the county to help build the road from the State Highway to the Oven Fork Church House. The big flood tore the road up so bad they can't take a car from the highway to the Church House and the people at large will appreciate the help from the county.

I will thank The Mountain Eagle for printing this request.
Yours truly,
—Isaac W. Fields.

ADVANCEMENTS BEING MADE in agricultural research are outlined to Senator Earle C. Clements (right) by Frank L. Teuton, former Kentuckian now with the U. S. Department of Agriculture. Models who showed Senator Clements some new fashions based on agricultural products are Norma Payne and Rose Mazzula.

AGRICULTURAL RESEARCH DOES AMAZING THINGS WITH PRODUCTS

Washington, D. C. — The old puzzle used to be:

"Which comes first—the chicken or the egg?"

Now it might well be stated this way:

"Which comes first—the chicken or the feathers?"

This development arises from the fact that research technicians in the U. S. Department of Agriculture have now developed a formula through which chicken feathers can be made into chicken feed. So, the chicken feathers are fed to chickens, who produce more chickens to produce more chicken feathers to be fed to more chickens.

This was one of the facts which Senator Earle C. Clements learned in a session with Frank Teuton, a former Kentuckian and a classmate of Senator Clements at the University of Kentucky, and now an information officer for the Department of Agriculture.

Teuton gave Senator Clem-

ents a review of research activities which have placed emphasis upon Kentucky agricultural products, many of which are being produced in surplus quantities. The research seeks means of disposing of these surpluses.

That use of chicken feathers to produce chicken feed isn't the only thing being done with what once was a wasted product. Better paint brushes are now being made from reconstituted chicken feathers than are produced with the famed Chinese hog bristles which had to be imported.

And agricultural research has developed encouraging new uses for inedible animal fats. This is important because of a huge surplus of fats from hogs and cattle that once went into soaps.

"Now," Teuton told Senator Clements, "the detergents have taken over the field, but the researchers found ways to use these inedible fats in the production of plastic items such as raincoats, garden water hose, floor tile and other things."

From tobacco there is now

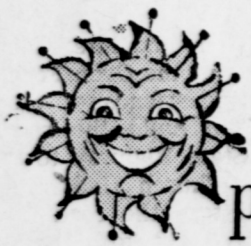

produced a drug—"Rutin"—which is valuable in the treatment of heart ailments and other capillary disorders.

Teuton showed Senator Clements shotgun shells held together with glue made from Kentucky soybeans, disease-free strawberries, milk sugar which produces penicillin, brilliant fabrics made from the protein in hybrid corn.

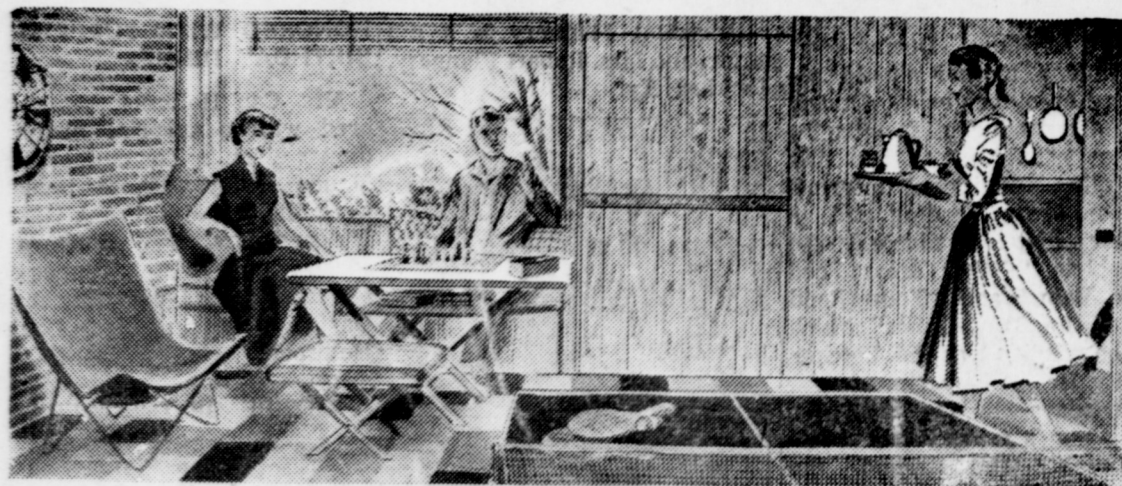

For the Kentuckians who like orange juice but have difficulty in getting fresh oranges, Teuton displayed orange juice in a powdered form which requires no refrigeration yet retains all the qualities of fresh juice.

Agricultural research has developed many techniques which aid in manufacturing, Teuton explained. For example, he showed Senator Clements a smartly-styled raincoat which had been made water repellent by weaving the fabric 25 percent closer than ever before.

Senator Clements participated with Teuton in the production of a film for television describing the research advancements being made.

MILL BRANCH NEWS

According to some of the older weather prophets in our community the cool weather we have been having this week is "red-bud" winter. They say we just have two more cool spells to go now, and they will be "dog-wood winter" and "blackberry winter". Personally though I think warm weather is just around the corner because I heard the first "brown thrush" singing this week. In our family we have always believed that is a sure sign that summer is not far away. Which reminds me of the little poem:

"Spring has sprung,
The grass has riz,
I wonder where the birdies is?"

If your news reporter sounds slightly delirious this week it may be due to spring fever but more likely it is caused by the news that I got this week that my husband, S-Sgt. Wilgus B. Deaton who is stationed with the Air Force in Japan will be starting home about May 10th. Oh, Happy Day!

Mr. George Troutt was seen proudly passing out cigars right and left this week.

The occasion was the arrival of a fine new baby boy. This is the fourth boy and the eighth child for Mr. and Mrs. Troutt and I think they have good reasons to be proud of these eight fine youngsters.

Mrs. J. W. Collins is in the Whitesburg Memorial Hospital at this time. We wish for her a very speedy recovery.

Our deepest sympathy goes to Mr. and Mrs. Carl Wayne Whitaker of Detroit, Mich., in the death of their baby son this week. The funeral was held at the Craft Funeral Home Chapel at Whitesburg, Friday morning and burial was in the Sandlick Cemetery.

Mr. and Mrs. Silas Caudill reported a very enjoyable week's visit with their daughter and son-in-law, Mr. and Mrs. Eugene Shepherd of Lynch, Ky. During the week they also went shopping in Middlesboro, Ky., and

had dinner at Cumberland Gap. They also visited Uncle Isaac Fields and Mr. and Mrs. Charlie Fields of Cumberland, Ky. Uncle Isaac Fields is 96 years old now, and is still very active.

Mr. and Mrs. Herman Caudill visited Mr. and Mrs. S. H. Hampton of Jeremiah, Ky., Saturday evening.

Mr. and Mrs. Esquire Whitaker had a "quilting" and "working" Saturday. The quilt was almost finished, a good deal of work was done and all the crowd enjoyed a delicious dinner.

Mr. Herman Caudill, Mrs. W. B. Deaton, Miss Mary Grace Caudill and Master Jimmy Turner were at the Little Zion Church at Jeff, Ky, Sunday. A very enjoyable meeting was had by a good sized crowd in spite of all the rain.

We were very sorry to hear of Mrs. Wallace Honeycutt of Letcher, Ky., being in the hospital at Hazard. We wish her a speedy recovery.

WHEREAS: THE MAYOR OF THE CITY OF JENKINS DOES

HEREBY ISSUE THE FOLLOWING PROCLAMATION:

That the week of April 16th of the Year 1956, A. D., shall be proclaimed as CLEAN-UP WEEK within the City of Jenkins.

During this week so proclaimed as CLEAN-UP WEEK, the Citizens of the City of Jenkins are urged to participate in this program by cleaning up the unsightly debris which may be on or around their property. The trimming of lawns, cutting of weeds, and planting of flowers all will help make our City clean and attractive.

A clean, attractive community is a healthier and happier place to live; it will encourage tourists and visitors to stop and stay a while and possibly come back again.

Help make your HOME TOWN appealing to the stranger within your gates and to your family and friends who come to visit you.

—Ezra Johnson.

April Meeting Of Whitesburg P.T.A.

The April meeting of the Whitesburg P. T. A. was held in Mrs. Rice's fourth grade room on Monday, April 9th at 2:00 P. M. The usual call to order was given which is the pledge to the flag and the singing of the Star Spangled Banner.

Mrs. E. Hampton Barnette was introduced as the speaker and her subject, "Tolerance", was developed from the general theme of "International Relationships". In her quiet and gracious manner she gave a most helpful and interesting talk. She mentioned intolerance as related to the problems of youth, of the aged and elderly, of the churches of racial prejudice, and of other nationalities. She gave many true stories and illustrations making her remarks more effective.

Mrs. Joe Reynolds gave an excellent report on the Spring Conference held at Hazard on March 24th. Four members attended from our P.T.A.: Mrs. James Brown, Vice-President of Tenth District; Mrs. Troy Stallard, Chairman of Character and Spiritual Education Tenth District; Mrs. Joe Reynolds, President-elect of Whitesburg P.T.A. and Mrs. Coy Holstein, the outgoing President.

A check in the amount of five dollars was presented to the Whitesburg P.T.A. as First prize for best Publicity Book. The Gold Leaf Certificate was awarded Whitesburg for attending membership goals.

Incoming officers for 1956-1957 were installed with Mrs. Vernon Goff, the immediate past-president of Whitesburg P.T.A., serving as installation officer. The suggested P.T.A. Installation Ceremony was used which was impressive and instructive also as it included all of the aims and objectives of the P.T. A. The new officers are: Mrs. Joe Reynolds, President; Mrs. Dan Combs, Vice-President; Mrs. Hiram Williams, Secretary; Mrs. Cecil Hensley, Treasurer. During the business session the group voted to contribute \$250.00 to the Band for the purpose of repairing instruments, motion by Mrs. Joe Reynolds, second by Mrs. Troy Frazier.

It was voted to reimburse Mrs. Holstein in the amount of \$5.39 for expenses on publicity book and transportation to the Spring Conference.

It was announced that the fifth grade won the February and March prize for parent attendance.

MRS. DELLA WHITAKER
ELECTED PRESIDENT OF
BURDINE P.T.A.

Burdine P.T. A. held its regular monthly meeting Tuesday, April 10, at 7:00 o'clock. The meeting was called to order by the president, Mrs. Chester Mullins, Little Miss Janie Mullins, reading the Bible.

The First Grade Room put on a program after the old and new business was taken care of. New officers were elected for the coming school year, Mrs. Della Whitaker was elected president, Mrs. Nellie Marie Conley, vice-president; Mrs. Ann Whitaker, secretary-treasurer, Mrs. Anna Mae Mullins, treasurer; Refreshments were served in the Lunch Room after the meeting by Mrs. Charlie Wright, Mrs. Bill Tackett, Mrs. Raymond Lawson, Mrs. J. D. Elliott, Mrs. Carl Adams.

Mr. Ramey's fifth grade room won the room count by having the most parents present.

Scenes from the Holy Land

THE CHURCH OF THE SEVEN DOMES

Among the remaining, important edifices in the morning lands of history, and from the times of the by-gone middle ages stands this Byzantine Church with seven domes. It was erected in the eleventh century in Cyprus, in a village called, "Ieroskypos", and was dedicated to a Christian martyr whose name was Hagia Paraskeve. He was born in Rome in the second century and was martyred, presumably in the days of the Emperor Marcus Aurelius. His name, Paraskeve, means Friday or one of the seven days of the week; this is one explanation for the church having seven domes.

This church stands as a medieval monument of great interest. Its location is near the city of Paphos where Sergius Paulus, the Roman Governor of the

Island was converted at the preaching of the Apostle Paul. The temple of Aphrodite was also in the area, and the village itself takes its name from the holy gardens that existed here which were dedicated to the goddess of love. It was perhaps the miracle wrought by Paul in this place that marked the area as a special religious center, and the cause for the erection of churches here as well as the heathen temples which were prompted by the anti-christian spirit.

There is an old baptistery inside the church and its walls contains frescoes painted from the style of the Byzantine art. The place is still used for religious services, and the crusaders cross can be seen on the high tower as well as the Greek Flag of the Greek Orthodox Church.
